Traditional design and strong construction

YachtBlocks

for sailing

YachtBlocks of ash wood in traditional design and construction. Bindings made of polished strong stainless steel (AISI 316). The sheaves are made of ERTACETAL white plastic with high strength. The stainless steel axle is secured against turning and also makes it easier to dismast the blocks for maintenance and inspection. The glued and screwed wooden shells are varnished with a special glossy varnish. We do all sizes blocks with or without becket. Fiddle blocks, swivel and strop blocks are also available. The **YachtBlocks** are intended for yachts up to 14 meters.

The advantages of the **YachtBlocks**:

- ✓ traditional design,
- ✓ strong construction,
- ✓ varnish for difficult marine conditions,
- ✓ high strength sheaves,
- ✓ bindings are made of strong stainless steel (AISI316),
- ✓ polished bindings

YachtBlocks

Type:

YachtBlocks single sheaves

	Yacht Block 10N1	Yacht Block 12N1	Yacht Block 14N1
Rope mm	8-10 mm	10-12 mm	12-14 mm
